REGIONAL OFFICE
C.G.Environment Conservation Board
5/32 Banglow, Bhilai, District- Durg (C.G.)

No. 3510/RO/TS/CECB/2025 Bhilai, Dated: 07/10/2025

To,

M/s PIEC Projects Private Limited
Partner- Shri Harsh Deep Gupta
Plot No.- 139 C & 139 F, Light Industrials Area, Bhilai,
District - Durg (C.G.)

Sub.: - Grant of "Consent to establish and operate" under section 25/26 of the Water (Prevention and Control of Pollution) Act, 1974 and under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981.

Ref.: - Your online application no. 20362075 dated: 19/09/2025.

--:: oo ::--

With reference to your above application, consents under section 25/26 of the Water (Prevention and Control of Pollution) Act, 1974 and under section 21 of the Air (Prevention and Control of Pollution) Act, 1981 are hereby granted for the period of **one year from the first date of month of commissioning of the plant**, subject to the fulfillment of the terms and conditions annexed here as **PART 'A' & 'B'** respectively.

These consents are valid for following products & production capacity:-

Name of Product	Production Capacity
Steel Structures	3000 Metric Tonnes Per Annum (Three Thousand metric tonnes per annum)

Note- These issuance of the consent shall not be taken us measure of proof that the industry has not violated any relevant environmental law at any time in the past.

PART-A

CONSENT LETTER

Sub: Grant of Consent to **M/s PIEC Projects Private Limited.** for the discharge of effluent under section 25/26 of the Water (Prevention & Control of Pollution) Act, 1974.

Ref: Online application No. 20362075 dated: 19/09/2025 of **M/s PIEC Projects Private Limited.** (Expiry Date - **one year from date of issue of this letter**).

1. With reference to the above application for consent to discharge effluent into the natural water courses under the Water (Prevention & Control of Pollution) Act, 1974, here-in-after referred to as the Act **M/s PIEC Projects Private Limited.** is authorized by the State Board to discharge its industrial and other effluents arising out of their premises into the local stream/river/well in accordance with the general and special conditions as mentioned in the Annexure.

2. This consent shall be valid a period of **one year from the first date of month of commissioning of the plant.**

   This consent is valid for following products & production capacity: -

Name of Product	Production Capacity
Steel Structures	3000 Metric Tonnes Per Annum (Three Thousand metric tonnes per annum)

For & on behalf of
Chhattisgarh Environment Conservation Board

Enclosure: Annexure

(I)
ANNEXURE

M/s PIEC Projects Private Limited.,
Location of Factory: Plot No.- 139 C & 139 F, Light Industrials Area, Bhilai
District - Durg (C.G.)

Vide consent no. 4608/NI/RO/TS/CECB/2025. Dt: 07/10/2025.

A. GENERAL CONDITIONS: -

1. All discharges authorized shall be consistent with terms and conditions of this Consent Facility expansions, production increases or process Modifications which result in new or increased discharges of pollutants must be reported by submission of a new Consent, application or if such new, or increased discharge does not violate the effluent limitations specified in the Consent, by submission to the Board details of such new or increased discharges of pollutants in which case the consent may be modified to specify effluent limitations for any pollutants not identified and limited here in the discharge of any pollutant more frequently than or at a level in excess of that identified and authorized by the Consent shall constitute a violation of the terms and conditions of the Consent.

2. After notice and opportunity for the hearing, this consent may be modified, suspended or revoked by the Board in whole or in part during its term for cause including, but not limited to the following: -

   (a) Violation of any terms and conditions of this Consent.
   (b) Obtaining this Consent by misrepresentation of failure to disclose fully all relevant facts.
   (c) A change in any condition that requires temporary or permanent reduction or elimination of the authorized discharge.

3. Not withstanding para(2) above, if a toxic effluent standard or prohibition (including any schedule of compliance specified in such effluent standard or prohibition) is established for a toxic pollutant which is present in the discharge authorized here in and such standard or prohibition is more stringent than any limitation upon such pollutant in this Consent the Consent shall be revised or modified in accordance with the toxic effluent standard or prohibition that the Board may consider and the applicant shall be so notified.

4. The applicant shall allow the staff of Chhattisgarh Environment Conservation Board and/or their authorized representative, upon the Presentation of credentials:

   (a) To enter upon the applicant's premises where an effluent source is located or in which any records are required to be kept under the terms and conditions of this Consent.

   (b) To have access to and copy at reasonable time any records required to be kept under the terms and conditions of this Consent.

   (c) To inspect at reasonable time any monitoring equipment or monitoring method required in this Consent; or

(d) To sample at reasonable time any discharge of pollutants.

5. The applicant shall at all times maintain in good working order and operate as efficiently as possible all treatment or control facilities of system installed or used by him to achieve compliance with the terms and conditions of this Consent.

6. The issuance of this Consent does not convey any property rights in either real or personal property or any exclusive privileges, nor does it authorize any injury to private property or any invasion of personal rights, nor any infringement of Central, State or local laws or regulation.

7. The Consent does not authorize or approve the construction of any physical structures or facilities or the undertaking of any work in any water course.

8. The specific effluent limitations and other pollution controls applicable to the discharge permitted here in are set forth below as specific conditions. Also set forth below are self-monitoring and reporting requirements. Unless otherwise specified, the applicant shall submit duplicate original copies of all reports to the Chhattisgarh Environment Conservation Board. Except for data determined to be confidential all such reports shall be available for public inspection at the office of the Chhattisgarh Environment Conservation Board. Knowingly making any false statement on any such report may result in the imposition of criminal penalties as provide for in section 42 of the Act.

B. SPECIAL CONDITIONS: -

1. Initial Effluent limitation during the period beginning on the effective date of this consent and lasting until one calendar year discharge from outfalls shall be limited and monitored by the applicant as specified below: -

(a) The following shall be limited by the applicant as specified.

S.No.	Effluent Characteristics	Discharge Limitation				Monitoring Requirements	
		Average		Maximum		Frequency of Measurement	Type of Sample
		Mg/l	Kg/Day	Mg/l	Kg/Day		

Daily/Weekly/Monthly/Tri-monthly.

Grab/ 24 Hours Composite

In Addition to above discharge shall be limited and monitored as specified below:

S.No.	Effluent Characteristics	Discharge Limitation				Monitoring Requirements	
		Average		Maximum		Frequency of Measurement*	Type of Sample †
		Mg/l	Kg/Day	Mg/l	Kg/Day		

Daily/Weekly/Monthly/Tri-monthly.
Grab/ 24 Hours Composite

For the purpose of this sub-section, the daily average discharge is the total discharge by weight during the calendar month divided by he number of days in month the production or commercial facility was operating for the purpose of the sub-section the daily maximum discharge means the total discharge by weight during any calendar day.

(b) The pH shall not be less than 5.5 or greater than 9.0

2. Final effluent Limitation: - During the period beginning from 1st day of month of commissioning of the plant with expanded capacity and lasting until the date of expiration of this Consent, discharge from the outfalls shall be limited and monitored by the applicant as specified below:-

(a) The following shall be limited and monitored by the applicant as specified.

S. No.	Effluent Characteristics	Discharge Limitation				Monitoring Requirements	
		Average		Maximum		Frequency of Measurement*	Type of Sample ✝
		Mg/l	Kg/Day	Mg/l	Kg/Day		
1	B.O.D.	--	--	30	0.24	Monthly	24 hours Composite
2	C.O.D.	--	--	250	2.00		
3	S.S.	--	--	100	0.80		
	pH 5.5 to 9.0 Flow : 0.3 Cum/Day (Domestic & Process Waste Water)					Daily	Grab

* Daily/Weekly/Monthly/Tri-monthly.
✝ Grab/ 24 Hours Composite

Additional, outfalls shall be monitored as follows:

(i) Flow, Temperature and Total solids: One per month
(ii) Grab Samples Maximum discharge temperature above upstream receiving water shall be in accordance with the standard of ISI at. 40^0C.
(iii) Uniform as per IS| 2490 at 40^0C.

The temperature shall be monitored once per month of each outfall. For the purpose of the sub-section the daily average is the total discharge by weight during calendar month divided by the number of days in month that the production or commercial facility was operating for the purpose of this sub-section, the daily maximum discharge means the total discharge by weight during any calendar day.

(b) The pH shall not be less than 5.5 or greater than 9.0 for outfalls. The samples are taken as monthly, grab samples.

3. Schedule of Compliance for effluent Limitation:- The applicant shall achieve compliance with the effluent limitation: specified above for discharge from outfalls in accordance with the following schedule:

(i) Report of Progress : Monthly

(ii) Completion of final plans by ……..

(iii) Award of contract of other commitment of financing ……..

(iv) Commencement of construction by ……..

(v) Report of construction progress ……

(vi) Completion of construction by ……..

(vii) Attainment of operational level by ……

Please see on page no 10 to 13.

(b) The applicant shall submit to the Consent issuing Authority the required report of progress or where a specific action is required in (a) above to be taken by a certain date a written notice of compliance or non-compliance with each of the above scheduled dates, post marked not later than 14 days following each elapsed date. Each notice of compliance shall include the following: -

(1) A short description of the non-compliance.

(2) A description of any action taken or proposed by the applicant to comply with the elapsed scheduled requirement without further delay.

(3) An estimate of any factor which tend to explain or mitigate the non-compliance, and

(4) An estimate of the date, the applicant will comply with the elapsed scheduled requirement and assessment of the possibility that the applicant will meet the next scheduled requirement time.

4. Compilation of monitoring Data-

(a) Samples and measurements taken to meet the monitoring requirements specified above shall be representative of the volume and nature of monitored discharge.

(b) Following promulgation of guidelines establishing test procedures for the analysis of pollutants, all sampling and analytical methods used to meet monitoring requirements specified above shall conform to such guidelines. Unless otherwise specified sampling and analytical methods shall conform to the latest edition of the Indian Standard specifications and where it is not specified the guidelines as per standard methods for the examination of Water & Waste Water 13th Edition of the American Public Health Association, New York U.S.A. shall be used.

(c) The applicant shall take samples and measurement to meet the monthly requirements specified above at the location indicated below:

POINT OF SAMPLING

(i) Outfalls of waste.
(ii) 100 meters from point of confluence, down stream to river or lake.

5. Recording of Monitoring activities and Results:

(a) The applicant shall make and maintain records of all information resulting from monitoring activities by this Consent.

(b) The applicant shall record for each measurement of sample taken pursuant to the requirements of this Consent the following information:

(1) The date, exact place and time of sampling
(2) The dates on which analysis was performed.
(3) Who performed the analysis?
(4) The analytical techniques or methods used and
(5) The result of all required analysis.

(c) If applicant monitors any pollutant more frequently as is required by this Consent he shall include the results of such monitoring in the calculation and reporting of values required in the discharge monitoring reports which may be prescribed by the Board, such increased frequency shall be indicated on the Discharge Monitoring Report form.

(d) The applicant shall retain for a minimum of 3 years all records of monitoring activities and result including all records of calibration and maintenance of instrumentation and original strip chart regarding continuous monitoring instrumentation. The period of retention shall be the extent during the course of any unresolved litigation regarding the discharge of pollutants by the applicant or when requested by the Central or State Board.

6. Reporting of Monitoring Results:

(a) Monitoring information required by this Consent shall be summarized and reported by submitting a Discharge Monitoring Report form duly filled in and signed, to the Board's office at the following address:
CHHATTISGARH ENVIRONMENT CONSERVATION BOARD
Paryavas Bhawan, North Block, Sector - 19,
Nava Raipur Atal Nagar, District - Raipur (C.G.)

(b) Each submitted Discharge Monitoring Report shall be signed as follows:

(i) If submitted by Corporation by a Principal Executive Officer of at least the level of Vice-President or his duly authorized representative, if such representative is responsible for the overall operation of the facility from which the discharge described in the discharge Monitoring Report originates,

(ii) If submitted by a partnership firm, by a general partner.

(iii) If submitted by a sole proprietor, the proprietor,

(iv) If submitted by a Municipal, State or Central Government or other public enterprises, by a Principal Executive Officer, ranking elected official commanding officer, or other duly authorized employee.

(c) All information submitted on the Discharge Monitoring From shall be based upon measurements and sampling carried out during the three previous calendar months. The first Discharge Monitoring Report shall be submitted for a period ending 60 days from issuance. Thereafter reporting period shall end on the last date of each month. The applicant shall submit a Discharge Monitoring Report post marked no later than 28th day of the month following each completed reporting period.

7. Limitation of Discharge of Oil Hazardous Substance in harmful quantities: The applicant shall not discharge oil in quantities defined as harmful in regulations. In addition the applicant shall not discharge hazardous substance into natural water course in quantities defined as harmful in regulations promulgated by the Board. Nothing in this Consent shall be deemed to preclude the institution of any legal action nor relieve the applicant from any responsibilities, liabilities, or penalties to which the applicant is or may be subject to clauses.

8. Limitation of visible Floating Solids and Foam: During the period beginning date of issuance and lasting until the date of expiration of this Consent the applicant shall not discharge floating solids or visible foam.

9. Disposal of Collected Solids:
   a) Intake Water Treatment: Solid Sludge's, dirt, silt or other pollutant separated from or resulting from treatment of intake or supply waters prior to use by the applicant shall be disposed off in such a manner as to prevent any pollutant from such materials from entering any such water Any live fish or other animals collected or trapped as a result of intake water screening or treatment may be returned to water,

   b) Waste water Treatment, Solid sludge's, filter backwash or other pollutant removed from or resulting from treatment or control of waste waster shall be disposed of in such a manner as to prevent any pollutants from such materials from entering natural water.

10. Non-compliance with Effluent Limitations:
   (a) If for any reason the applicant does not comply with or will be unable to comply with or will be unable to comply with any daily maximum effluent limitations specified in this Consent the applicant shall immediately notify the Consent issuing authority or his designee by telephone No. 0771-2443923/2443934 and provide the Consent issuing Authority with the following information in writing within 5 days of such notification:

      i) Cause of non-compliance.
      ii) A description of the non-complying discharge including its impact upon the receiving water.
      iii) Anticipated time, of non-compliance is expected to continue or if such condition has been corrected, the duration of non-compliance.
      iv) Steps taken by the applicant to reduce and eliminate the non-complying discharge and;
      v) Steps to be taken by the applicant to prevent recurrence of conditions of non-compliance.

   (b) The applicant shall take all responsible steps to minimize any adverse impact to natural waters resulting from non-compliance with any effluent limitation specified in this Consent including such accelerated or additional monitoring as necessary to determine the nature and impact of the non-complying discharge.
   (c) Nothing in this Consent shall be construed to relieve the applicant from civil or criminal penalties for non-compliance, whether or not such non-compliance is due to factors beyond his control such as equipment break down electric power failure, accident or natural disaster.

Limitation of Batch Discharge.

SPECIAL CONDITIONS

11. Provision for Electric Power Failure: The applicant shall either-
   (a) No later than …… certify in writing to the consent issuing authority that applicant has installed or provided for an alternative electric power source sufficient to operate all facilities utilized by the applicant to maintain compliance with the terms and conditions of the Consent or.

(b) No later than 30 days after the effective date of his Consent, certify in writing to the consent issuing authority that upon the reduction, loss, or failure of one or more of the primary sources of electric power to any facilities utilized by the applicant to maintain compliance with the terms and conditions of his consent, the applicant shall halt, reduce or otherwise Control production and/or all discharges in order to maintain compliance with the terms & conditions of this Consent.

12. Prohibition of By pass of Treatment Facilities: The diversion or by-pass of any discharge from facility utilized by the applicant to maintain compliance with the terms and conditions of this Consent is prohibited except:

(i) Where unavoidable to prevent loss of life severe property damage, or
(ii) Where excessive storm drainage or run off would damage any facilities necessary for compliance with the terms and conditions of this Consent. The applicant shall immediately notify the consent issuing authorities in writing of each such diversion or by-pass in accordance with the procedure specified above for reporting non-compliance.

13. Spill Prevention and Containment Plan: Within 90 days of the effective date of the Consent the applicant shall prepare and submit to the consent issuing authority; a Spill Prevention; Containment and Countermeasure Plan for the facility covered by this Consent. Such plan shall include the following information and procedures relating to the prevention of spills and unauthorized discharges or oil and hazardous substances;

(a) A description of a reporting system to be used to notify immediately persons responsible for management of a facility and appropriate State and Central authorities;
(b) A description of equipment or facilities (including overall facility) for the prevention, containment of spills and unauthorized discharge;
(c) A list of all oil and hazardous materials used processed or stored at the facility including the normal quantity maintained on the premises for each listed material;
(d) A brief description of any spills or unauthorized discharge which occurred during the 36 months period preceding the effective date of this Consent and subsequent measures taken by the applicant or reduce the possibility of further spills or unauthorized discharges; and.
(e) An implementation schedule for additional equipment or facilities which might be required for sub para (b) above but which are not yet operational.

SPECIAL CONDITIONS

1. Industry shall provide adequate facility for proper treatment of industrial and domestic effluent. Domestic effluent shall be treated in well-designed septic tank and soak pits. In case of any failure of effluent treatment arrangement, it shall be immediately rectified or similar alternate arrangement shall be provided. Treated effluent shall be utilized either in process or for plantation purposes within plant premises only. The industry shall complete the construction work of Effluent Treatment Plant (ETP) before commissioning of the plant. All the tanks of ETP shall be made acid proof to avoid any chance of seepage/leakage. The industry shall operate and maintain Zero Liquid Discharge (ZLD) based effluent treatment plant regularly. Industry shall ensure that the treated effluent quality meet the standard prescribed by Board published in Gazette notification dated 25/03/1988. The major parameters of treated effluent shall not exceed the following limits:-

S. No.	Parameters	Limits
1.	pH	5.5 - 9.0
2.	Suspended Solids	100 Milligram per Liter
3.	BOD	30 Milligram per Liter
4.	COD	250 Milligram per Liter
5.	Oil and Grease	10 Milligram per Liter

Chhattisgarh Environment Conservation Board may further stipulate stringent limit depending upon environmental conditions.

2. Industry shall make arrangement of suitable drains/pipe networks to ensure adequate flow for full utilization of treated effluent inside the premises. No effluent shall be discharged out of plant premises under any circumstances. Hence zero discharge condition outside the premises shall be maintained all the time

3 The unit shall follow all the rules, regulations and guidelines issued by the CGWA as amended on 24.09.2020 and public notice issued on dated 26.10.2020 as well as from time to time regarding usage of ground water.

4 Industry shall adopt good housekeeping practices inside the factory premises.

5 The industry shall make proper and safe arrangement for safe disposal of solid waste and sludge.

6 All the construction activities for establishment of industry shall be carried out exclusively using fly ash bricks/blocks and other products based on fly ash as far as possible.

7 Any change in production capacity/process/raw material used etc. shall be intimated to the board for any enhancement of the above prior permission of the Board shall be obtained.

8 Effective steps shall be taken for safe and scientific handling, storage, transportation and disposal of solid wastes. If any waste comes under the purview of Hazardous and Other Wastes (Management and Transboundary Movement) rules, 2016 (as amended), industry shall obtain authorization from Board for management and handling of hazardous wastes as per Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (as amended).

9 Wide green belt of broad leaf local species shall be developed in at least 33% of the project area. As far as possible maximum area of open spaces shall be utilized for plantation purposes. Industry shall abide by the decisions taken by Ministry of environment, Forest and Climate Change, Government of India / Central government / Central Pollution Control Board from time to time in this regard. CentralPollution Control Board guidelines shall be followed in planning and developinggreen belt and selection of species etc.

10 Industry shall adopt rainwater-harvesting technique in the project area and residential area (if any) for recharge of ground water. Industry shall develop rainwater- harvesting structures to harvest the rainwater for utilization in the lean season as well as to recharge the ground water table. In this regard industry shall construct an appropriate capacity of pond within the factory premises.

11 Industry shall obtain statutory clearances/licenses from concerned Central/State Government Departments, Boards, Bodies and Corporations etc. Industry shall follow direction issued by Central/State Government, Central Pollution Control Board/Chhattisgarh Environment Conservation Board from time to time regarding control of water & air pollution and for environmental conservation.

12 In case, if the capital investment is increased by such amount that the total investment exceeds the range for which renewal fees has been paid, the industry shall have to pay the difference amount of renewal fees for the corresponding block years.

13 In case, the prescribed fee payable is amended in future, the industry shall be liable to pay the difference amount for corresponding block years.

14 The issuance of 'consent to operate' of the Board does not convey any property rights in either real or personal property, or any exclusive privileges, nor does it authorize any injury to private property or any invasion of personal rights, nor any infringement of Central, State or Local laws or regulations.

15 Any change in production capacity, process, raw materials used etc. shall be intimated to the Board. For any enhancement of the above prior permission of the Board shall be obtained.

16 Board reserves the right to amend/cancel any of the above conditions, stringent the emission/effluent limits stipulated above and add new conditions as and when deemed necessary in the interest of environmental protection, change in the project profile or non-satisfactory implementation of the stipulated conditions etc.

This consent and the authorization to discharge shall expire after **one year from the first date of month of commissioning of the plant**. The applicant shall not discharge after the date of expiration. The applicant shall submit such information forms and fees as required by the Board not later than 60 days prior to the date of expiry.

Part-B

CONSENT LETTER

Sub: Grant of Consent to **M/s PIEC Projects Private Limited.** for the discharge of effluent under section 21 of the Air (Prevention & Control of Pollution) Act, 1981.

Ref: Online application No. 20362075 dated: 19/09/2025 of **M/s PIEC Projects Private Limited.** (Expiry Date - **one year from date of issue of this letter**).

1. With reference to the above application, consent under the Air (Prevention & Control of Pollution) Act, 1981 to **M/s PIEC Projects Private Limited.** is hereby granted by the State Board in accordance with the terms and conditions as mentioned below.
2. This consent shall be valid a period of **one year from the first date of month of commissioning of the plant.**

   This consent is valid for following products & production capacity: -

Name of Product	Production Capacity
Steel Structures	3000 Metric Tonnes Per Annum (Three Thousand metric tonnes per annum)

Terms & Conditions: -

1. Effective steps shall be taken to control fugitive emission inside the factory premises.
2. Ambient air quality within the factory premises shall be maintained within the latest prescribed standards.
3. Industry shall adopt good housekeeping practices in the factory premises.
4. Effective steps shall be taken for safe and scientific handling, storage, transportation and disposal of solid wastes. If any waste comes under the purview of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (as amended).
5. Wide green belt of broad leaf local species shall be developed in at least 33% of the project area. As far as possible maximum area of open spaces shall be utilized for plantation purposes.
6. Industry shall obtain statutory clearances/licenses from concerned Central/State Government Departments, Boards, Bodies and Corporations etc. Industry shall follow direction issued by Central/State Government, Central Pollution Control Board/Chhattisgarh Environment Conservation Board from time to time regarding control of water & air pollution and for environmental conservation.
7. The issuance of 'consent to operate' of the Board does not convey any property rights in either real or personal property, or any exclusive privileges, nor does it authorize any injury to private property or any invasion of personal rights, nor any infringement of Central, State or Local laws or regulations.
8. Any change in production capacity, process, raw materials used etc. shall be intimated to the Board. For any enhancement of the above prior permission of the Board shall be obtained.
9. All raw materials/finished products shall be stored above ground level with pucca platform in covered area.

10. In case, if the capital investment is increased by such amount that the total investment exceeds the range for which renewal fees has been paid, the industry shall have to pay the difference amount of renewal fees for the corresponding block years.

11. In case, the prescribed fee payable is amended in future, the industry shall be liable to pay the difference amount for corresponding block years.

12. Board reserves the right to amend/cancel any of the above conditions, stringent the emission/effluent limits stipulated above and add new conditions as and when deemed necessary in the interest of environmental protection, change in the project profile or non-satisfactory implementation of the stipulated conditions etc.

This consent is valid for the stated period and has to be renewed every year. Online application with annual license fee in this regard shall reach the office 02 months before the expiry of this consent.
